

Welcome to my portfolio

Product Designer

+8 Years working with amazing software

Hi, I am Rômulo Sandri — Product Designer based in Palmas, Brazil. I design, write code, and ship products people actually use, from the first conversation to the last pixel.

Love for the craft

Ship, then refine

Clarity over complexity

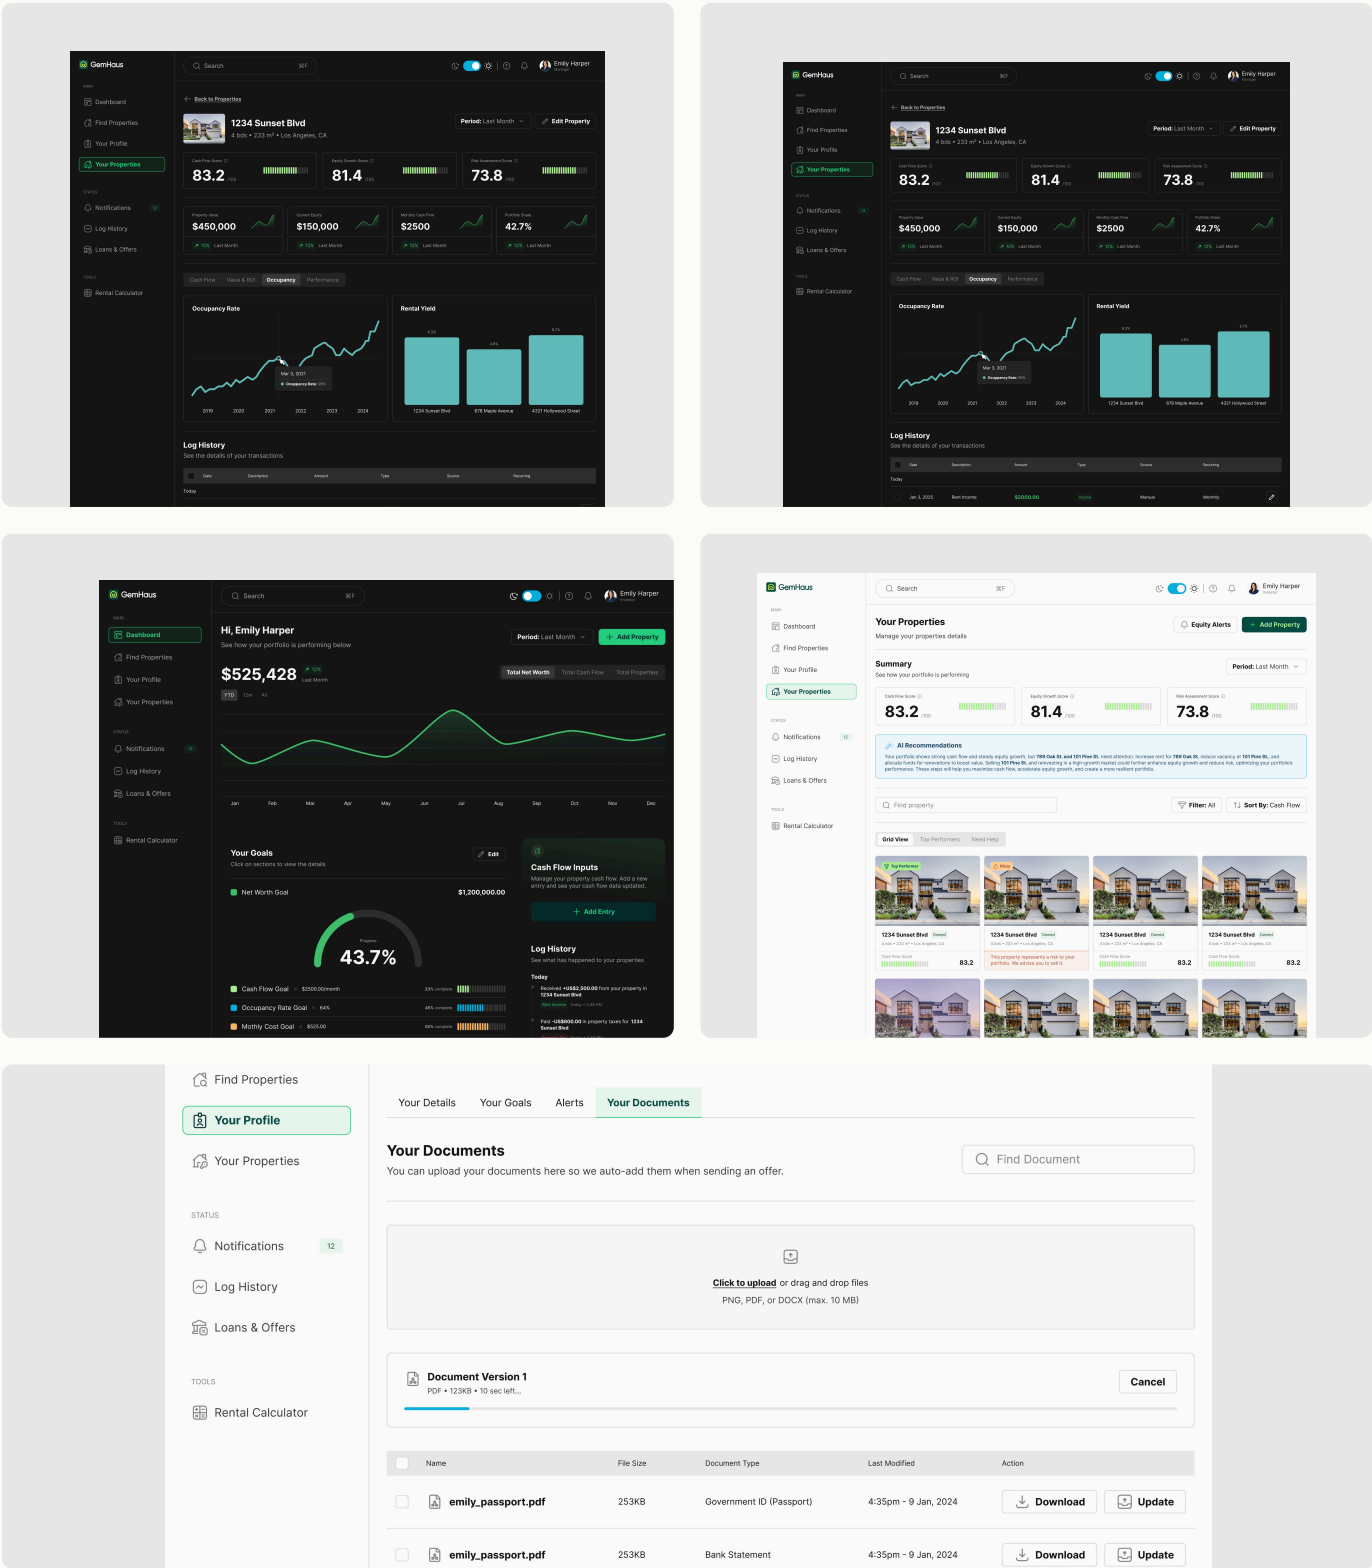

Selected work

From 2023 to 2026

<u>Gemhaus</u>	2025
<u>Meltwater</u>	2024
<u>Cinepolis</u>	2023
<u>Stream Stakes</u>	2024
<u>Pacelane.ai</u>	2026

Product Designer · Brand and commerce

Fractional real-estate investing. Product design across buying a slice of a home, tracking rent and portfolio performance, and managing expenses — mobile and web.

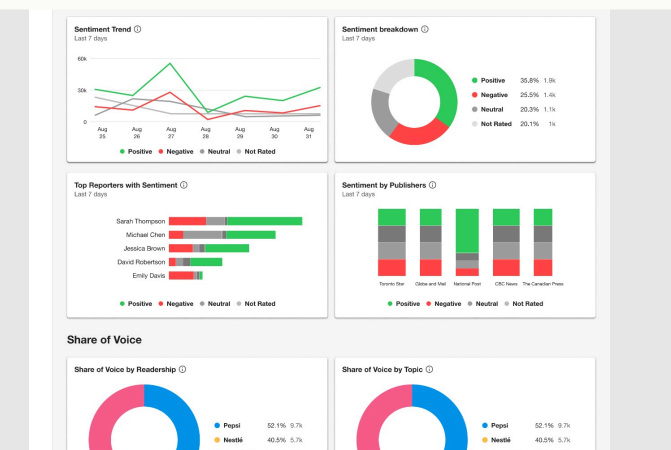

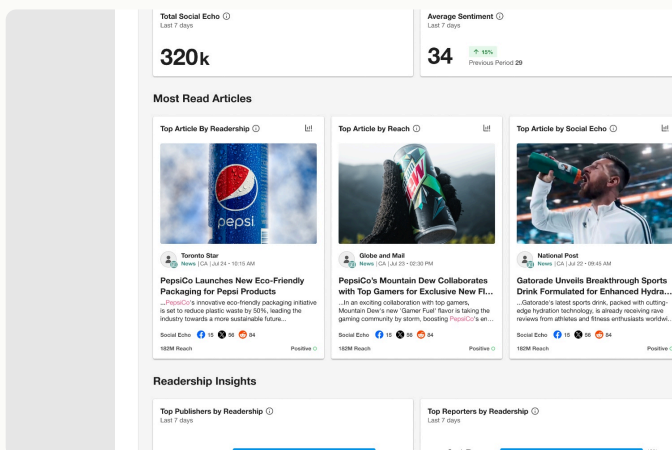

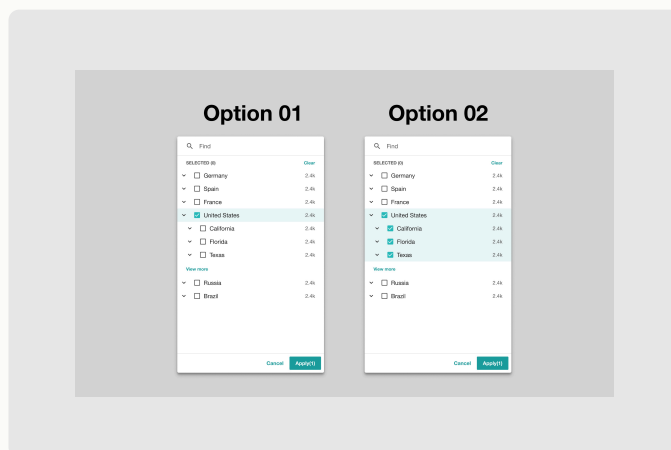

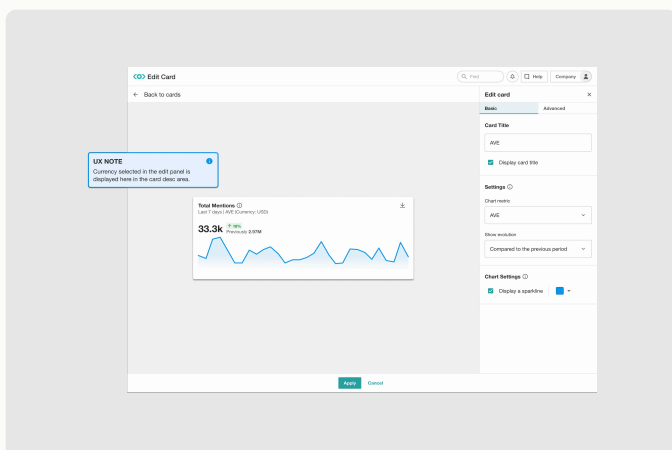

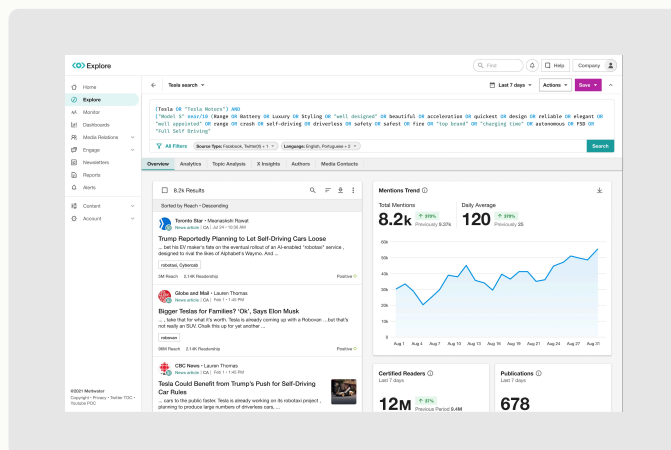

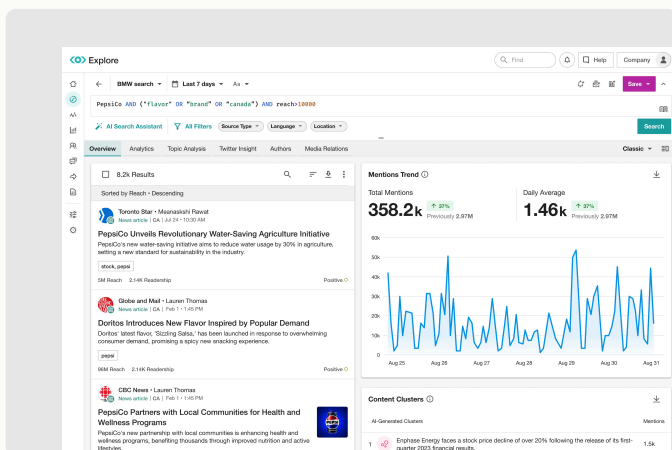

Meltwater

2024

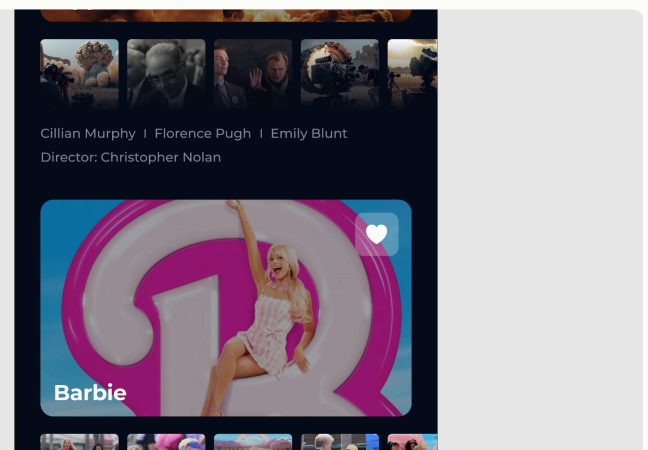

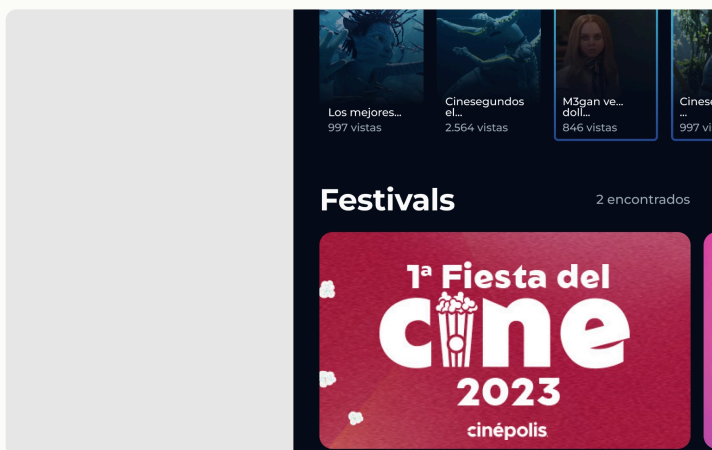

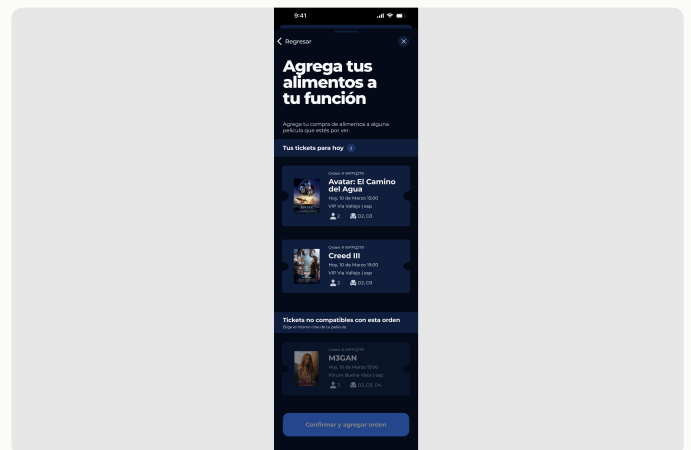

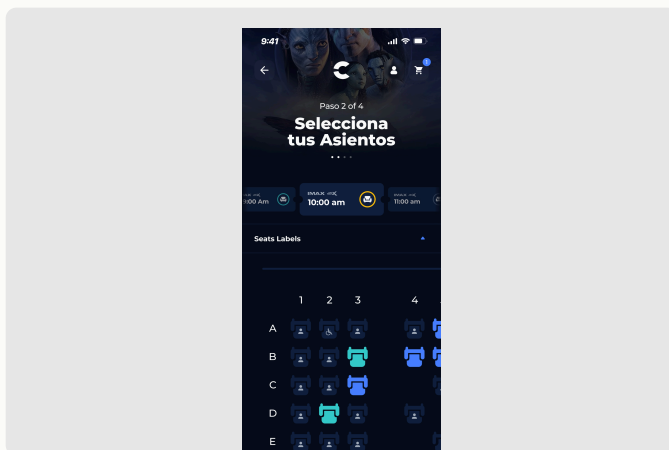

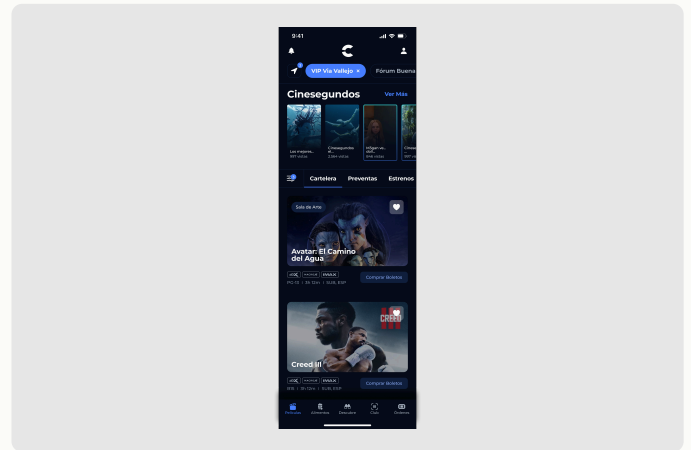

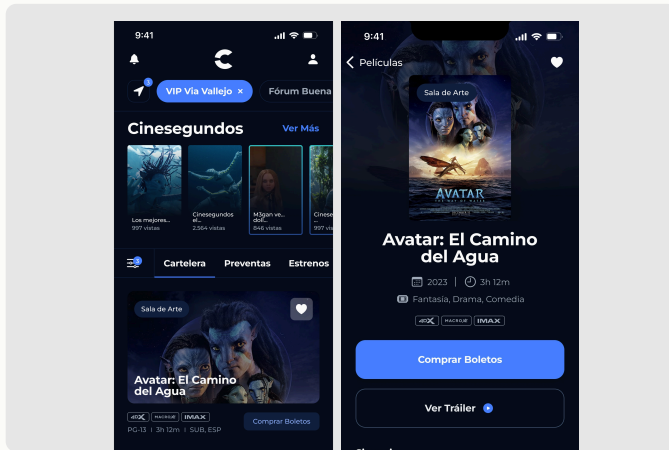

Product Designer · Media intelligence

Media intelligence platform work — dashboards, brand reports, and research tooling for monitoring coverage, positioning, and competitive signal.

Product Designer · Cinema experience

Cinema mobile experience. Ticketing, seat maps, concessions, and in-app movie discovery designed for a night out that starts on the phone.

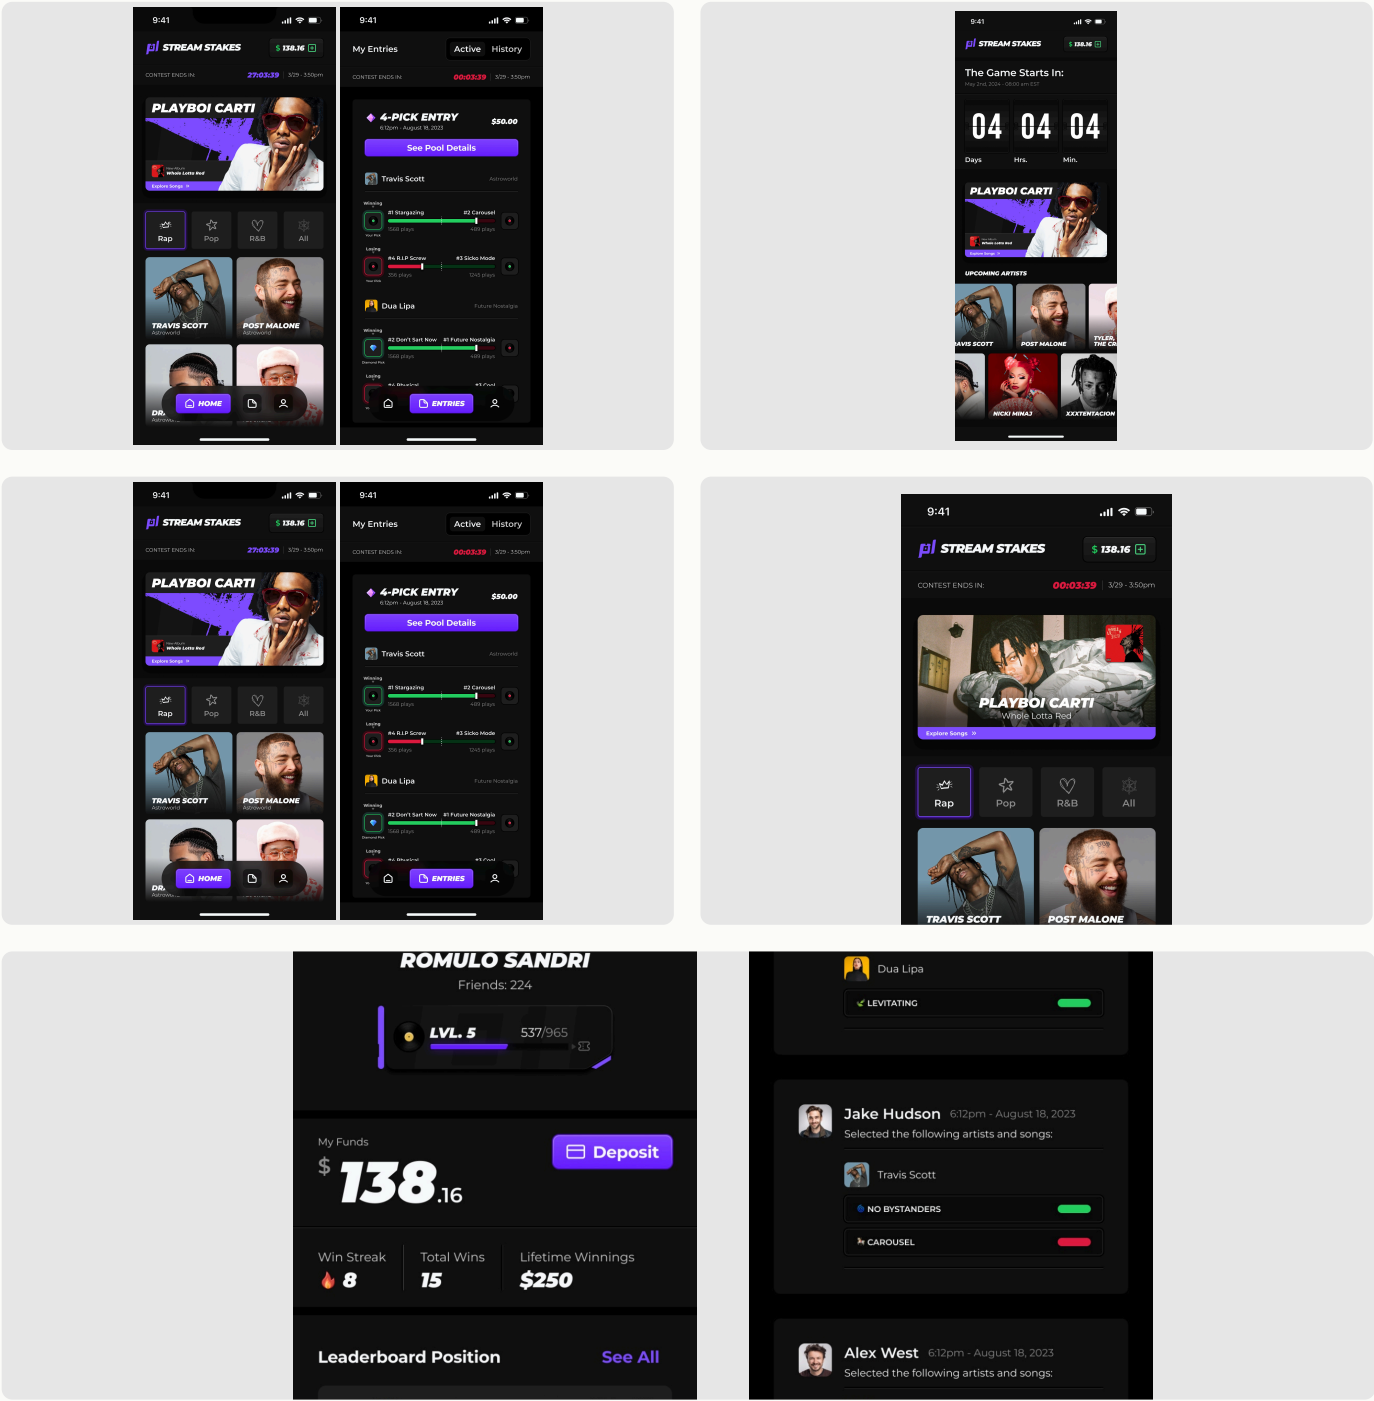

Stream Stakes

2024

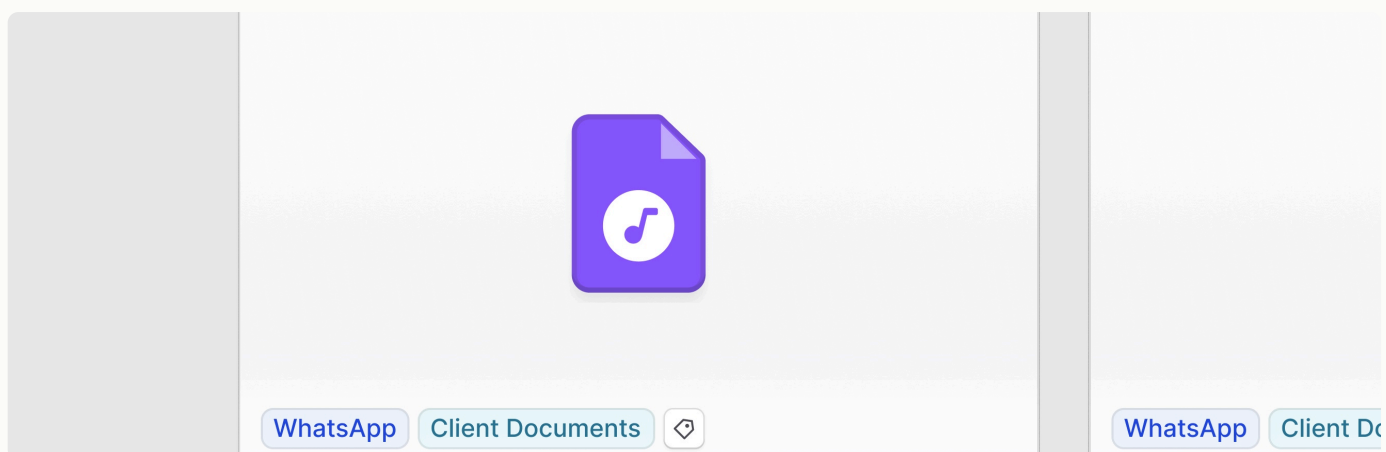

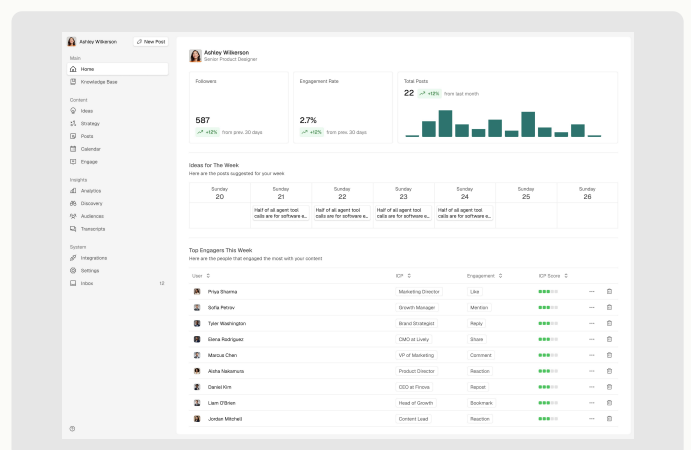

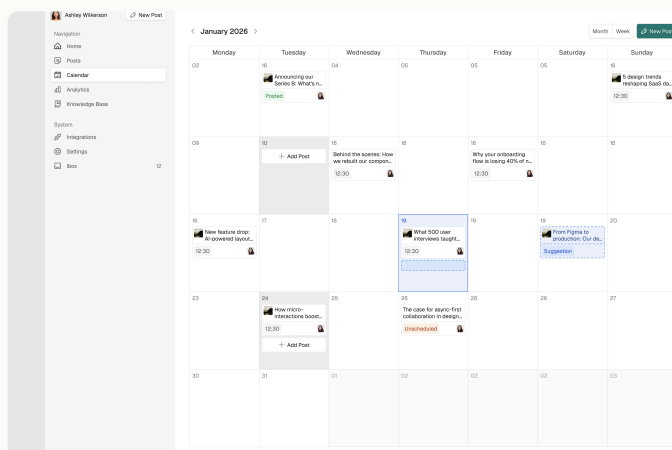

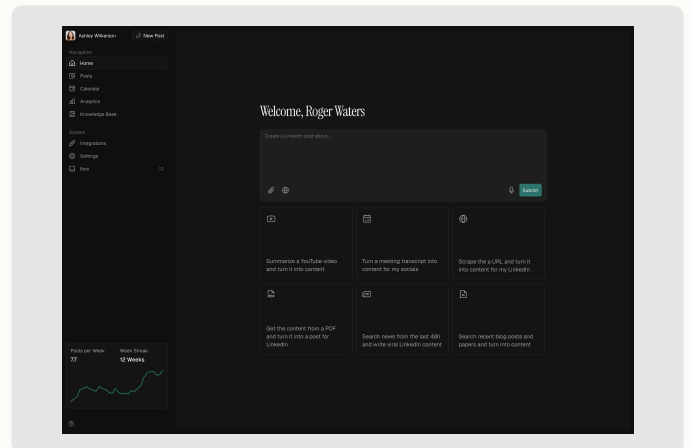

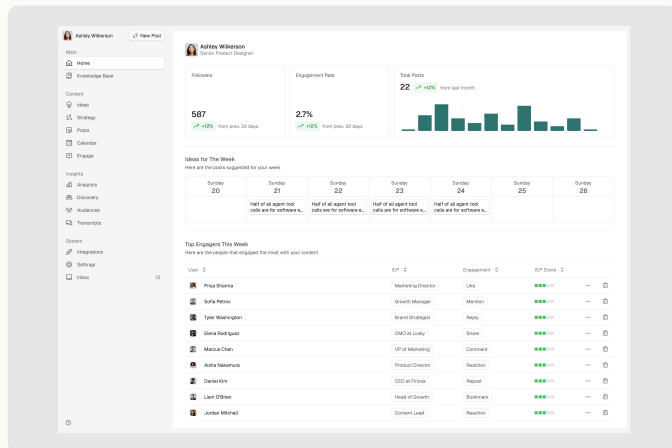

Product Designer · Live streaming

Live streaming product with stakes and real-time viewing. Fast account, wallet, and watch flows built for decisions that happen in seconds.

Product Designer · AI-native product

AI-native product design for Pacelane. Interface, workflow, and system design for an AI-powered platform — from first conversation to shipped UI.
